

## PipeControl-Mobile Set mit VCM

Video inspection system with practical camera unit for mobile use

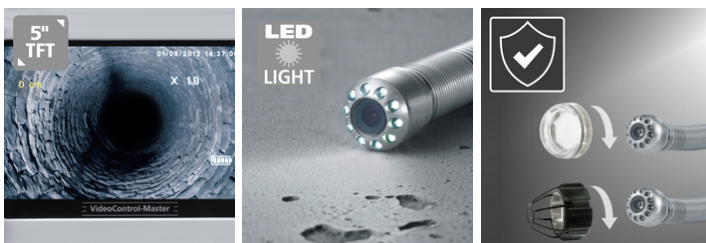

This video inspection system for mobile use provides professional troubleshooting in manufacturing and the construction industry. The large, high-resolution colour display on the master unit allows images to be analysed in detail on site. Images can be documented during recording with an integrated still image and video recording function with snapshot option. The high-resolution magnification is set with the zoom function. The image can be manually rotated in 90° increments and is always available to the user. The current image can be compared to a reference image using comparative measurements. Data is saved and transferred via the exchangeable SD card and the USB 2.0 interface. This practical camera unit has a corrosion-resistant, stainless steel camera head, a robust stand-up reel and a flexible coil spring to ensure there is no pull-back.

- Effective troubleshooting in manufacturing and the construction industry
- Easy comparison with reference image
- Integrated image and video capture function
- Adjustable, high-resolution magnification
- Image rotation in 90° increments

### TECHNICAL DATA

<b>Diameter Camera Head</b>	25 mm
<b>Camera Resolution</b>	640 x 480 pixels
<b>Field of View (FOV)</b>	73°
<b>Depth of Focus (DOF)</b>	5 ... 60 cm
<b>Screen Type</b>	5,0" Colour TFT
<b>Display Resolution</b>	640 x 480 pixels
<b>Image Format</b>	JPEG
<b>Length of Probe</b>	20 m
<b>Illumination</b>	10 brightness levels
<b>Digital Zoom</b>	2x digital zoom in 20% increments
<b>Memory</b>	Supports up to max. 16 GB SDHC card
<b>Port</b>	USB 2.0
<b>Ports</b>	Mini USB Power supply 5V / DC TV-Out port, PAL or NTSC
<b>Power Supply</b>	Li-ion battery pack 3.7V / 3.5Ah Power adapter 5V/DC / 3.5A
<b>Dimensions (W x H x D)</b>	200 mm x 130 mm x 60 mm
<b>Weight</b>	860 g (without accessories)

### SCOPE OF DELIVERY

Item No. 084.121L GTIN (EAN) 4021563688364 SU 1
